TWENTY-THIRD ANNUAL REPORT
OF THE
CITY OF KEENE
CONTAINING
INAUGURAL CEREMONIES,
ORDINANCES AND JOINT RESOLUTIONS
PASSED BY THE CITY COUNCILS,
WITH
REPORTS OF THE SEVERAL DEPARTMENTS,
FOR 1896.

KEENE :
SENTINEL PRINTING COMPANY, PRINTERS.
1897.

ORGANIZATION OF CITY GOVERNMENT.

TUESDAY, January 7, 1896.

The members elect of the city government for the municipal year of 1896, having met for organization agreeably to the provisions of the city charter, the oath of office by law prescribed was administered to the mayor-elect, Hon. GEORGE W. McDUFFEE, by Hon. John T. Abbott, who then introduced him to the aldermen and councilmen present. After roll call by the city clerk, His Honor, Mayor McDuffee, administered the oath of office to the following members elect of the boards of aldermen and council, to wit:

BOARD OF ALDERMEN.

- Ward 1. CHRISTOPHER J. GEORGE.
- Ward 2. GEORGE E. POOLE.
- Ward 3. CHARLES A. NICHOLS.
- Ward 4. SIDNEY C. ELLIS.
- Ward 5. GARRETT J. LANDERS.

BOARD OF COMMON COUNCIL.

- Ward 1. HERSCHEL J. FOWLER.
EDWARD W. GUSTINE.
MILAN H. JOHNSON.
- Ward 2. FLAVEL BEAL.
AARON R. GLEASON.
CHARLES W. PIERCE.
- Ward 3. GEORGE H. GIFFIN.
CHARLES H. MASON.
GEORGE A. SHERMAN.

- Ward 4. WALTER R. PORTER.
EDWARD A. KINGSBURY.
ROBERT T. KINGSBURY.
- Ward 5. ANDREW J. WILLIAMS.
CHARLES T. COLONY.
PATRICK WHITE.

Prayer was offered by Rev. Archibald McCord, after which the mayor delivered his inaugural address.

After the prayer and inaugural address, Jerry P. Wellman was elected city clerk, and Joseph F. Emmons, city messenger, and the city councils then adjourned until 7.30 o'clock.

At 7.30 p. m., the common council organized by the choice of Walter R. Porter, as president, and Herbert O. Wardwell, clerk.

THE MAYOR'S ADDRESS.

Gentlemen of the City Councils :

We have accepted the obligation to faithfully and impartially perform the duties that will come to us in our several positions as directors of the affairs of the city of Keene during the year eighteen hundred and ninety-six. We are confident that, if we are to promote the welfare of the city and do honor to ourselves, we must become familiar with the ordinances by which we are to be governed and also with the reports from the various working departments of the city. The more thoroughly we acquaint ourselves with these things, the better qualified we shall be to determine what action on our part, will increase the growth and prosperity of a city already noted for its natural beauty. I feel assured that you will agree that we can well afford to continue the policy that has been followed in the past, viz: that a sufficient amount of money be appropriated to carry forward, in a liberal but not extravagant manner, such improvements as shall be for the health and adornment of the city, and for the convenience and pleasure of the citizens. Without wearying you by further preliminary remarks, let us take up for a brief consideration, some of the most important city departments.

THE FINANCES.

This department demands most careful consideration. We are pleased to note that the indebtedness is being slowly re-

duced by the payment of bonds as they become due; also that the rate of taxation is less than in any other city in the state, or of any comparative city in New England. But it will not be possible for us to continue the retirement of bonds and still carry forward the improvements, evidently desired by the citizens, without a slight increase in our rate of taxation. This is due mainly to the reduction of the savings bank tax and the prospect of a still further reduction. You will notice by the report of 1894 that we received from the state as follows:

Savings bank tax,	\$23,403 73
Insurance tax,	549 00
Railroad tax,	5,454 90
Literary fund,	1,686 56
	<hr/>
Total,	\$31,094 19
Deducting state tax,	18,125 00
	<hr/>
Balance received from state,	\$12,969 19

The report for 1895 shows:

Savings bank tax,	\$14,903 26
Insurance tax,	551 25
Railroad tax,	5,484 33
Literary fund,	1,064 28
	<hr/>
Total,	\$22,003 12
Deducting state tax, which was the same as in	
1894,	18,125 00
	<hr/>
Balance received from state,	\$3,878 12

Making a reduction from the receipts of 1894 of \$9,091.07. This reduction may be partly offset by the county tax, which was reduced from \$14,144.54 in 1894, to \$9,256.92 in 1895, making \$4,877.62 less than 1894 tax.

This amount deducted from what was received less from the

state, gives \$4,203.45 less for the city treasury from state and county combined in 1895 than in 1894.

You will notice by the report of the solicitor, that the city has paid during the year, land damages including costs to the amount of \$3,563.64. All of which, with the exception of Nelson R. Town vs. Keene, \$19.82, and Thomas T. Russell vs. Keene, \$21.02, came over from 1894.

The report for 1894 shows that there was withdrawn from the Cheshire Provident Institution, \$2,350.00 of accumulated interest on the water loan sinking fund. This was used in general disbursements. It was thought best not to do this in 1895.

The result is the following difference :

State and county together,	\$4,203 45
Interest from savings banks,	2,350 00
Excess of land damages over 1894,	<u>2,947 71</u>
Total,	\$9,501 16

The amount of total indebtedness has been reduced by the payment of \$15,000 railroad gratuity bonds, and \$100 by the payment of an old water works bond. This leaves a bonded indebtedness of \$327,000. Of this amount \$15,000 railroad gratuity bonds will be due July 1, 1896. We recommend that this be provided for by taxation. \$10,000 of the old water works bonds will be due October 1, 1896. This can be paid from the water loan sinking fund.

The water loan sinking fund deposited in the savings banks of the city amounts to	\$49,981 77
Property belonging to city as per appraisal,	285,391 74
Uncollected tax in 1890,	1,967 73
Uncollected tax in 1893,	357 53
Uncollected tax in 1894,	1,332 30

Uncollected tax in 1896,	\$20,409 39
Uncollected water assessments,	1,676 43
Balance in treasury,	<u>13,853 71</u>
Total,	\$374,970 60

Since the treasurer's account was made up, December 1, the Union School District tax, interest on bonds, and other bills have been paid, amounting to something more than \$20,000.

The offering of a two per cent. discount on all taxes assessed which were paid on or before July 15, worked to advantage and assisted in keeping the treasury in good condition. We would, therefore, recommend the adoption of the same measure in 1896.

The finance committee for 1895 was of the unanimous opinion that it would be necessary to raise \$42,000 by taxation the coming year, as against \$32,000 in 1895. This must be done if we are to meet current expenses, the \$15,000 bonds due July 1, and carry forward such improvements as seem advisable. Should the valuation of the city remain about the same as in 1895, the rate of taxation will be not far from \$1.30 on a hundred. This will still keep the tax at a comparatively low rate.

STREET LIGHTS.

A new contract for five years has been entered into with the Keene Gas Light Company. By this contract we now have fifty two-thousand candle power arc lights. These, with the gas and gasoline lights we maintain, give us as well lighted streets as can be reasonably expected.

FIRE DEPARTMENT.

This very essential department has been kept in first-class working order, under the direction of Chief Wellman and

the hearty co-operation of officers and men connected with the service. The apparatus is reported as being in good order with the exception of the Amoskeag steamer, and we heartily unite with Chief Wellman in the recommendation that this be attended to at once. It is also important that more extinguishers, and such alarm boxes as are needed, be purchased. The city has been subjected to but very small loss by fire during the past year.

PUBLIC LIBRARY.

In January, 1895, a petition from the citizens was presented to the city councils, asking that the library room be enlarged and that the store occupied by Mr. Keith be taken for that purpose. Mr. Keith holds a lease which does not expire until April, 1896. This he did not wish to release until he could find another store that would meet his demands; therefore the petition could not be granted. Mr. Keith has now secured a store into which he will soon move, and the councils have passed a joint resolution authorizing the mayor to terminate said lease when the store is vacated. We would recommend that the store be divided by partitions so as to give more room in the east end for the library and give an office in the west part of the room for assessors and tax collector.

HIGHWAYS AND BRIDGES.

The frequency of severe storms and showers during the past year has made the work in this department particularly arduous, but notwithstanding these difficulties the roads have been kept in their usual good condition.

Your attention will doubtless be called to the need of repairs upon the Winchester street covered bridge and possibly upon the West street bridge. We would also ask that you

notice the report of the special committee on macadam. This report states that there has been a marked reduction in cost per square yard during the past year. Should you think best to follow the suggestion of the finance committee and appropriate the amount recommended for the construction of macadam roads, we would recommend that you consider the advisability of grading and macadamizing Main street from the watering trough in Central Square to the concrete walk just north of the Fitchburg railroad tracks.

THE POOR.

The report from this department shows an increase in expenditure of four or five hundred dollars over that of the preceding year, yet this cannot be considered a large amount considering the population. Indeed, facts prove that there is a good degree of thrift among our people. We are always pleased to acknowledge the generosity shown by many of the citizens towards those who are unfortunate. This generosity makes a material difference in the amount expended by the city. It is often a hard matter to discriminate between the worthy and unworthy, and there are those who impose upon the bounty of the city. There are men, who, instead of providing for their families, will stand idly about, allowing the city to provide for those who would otherwise suffer both cold and hunger. This ought not to be.

BOARD OF HEALTH.

The officers of the board of health have been active and vigilant, and the results are manifest. We consider this work most essential in maintaining the welfare of the city and the health of its citizens. Often the duties are unpleasant but the officers may be assured of the approval of every effort to improve the sanitary condition of the city.

STREET SPRINKLING.

May 2, 1895, a joint resolution was passed authorizing the committee on streets to purchase two watering carts, and the superintendent of streets was instructed to furnish two pairs of horses and drivers for these carts. \$1600 was appropriated to meet this expense, and a tax of \$2.50 was assessed against each estate on the streets that were sprinkled. The work of sprinkling was done in a satisfactory manner. Some complaint has been made in regard to the inequality of the tax. The committee did not claim that it was in every respect equal, but it seemed the nearest approach to fairness that could be devised in conformity with the existing statutes. This tax amounted to \$937.50. Up to December 1, \$713.75 had been paid, and in most cases paid willingly. The protests of the few seem unreasonable when the benefit received is considered. You may be asked to provide some other method of meeting this expense in the current year.

WATER WORKS AND SEWERS.

The twenty-sixth annual report shows, by a careful comparison with previous reports, that the water works are of constantly increasing financial benefit. The increasing number of consumers has occasioned some anxiety as to the efficiency of the supply, but the experience of the past year proves that the anxiety is unnecessary. The condition of the octagon reservoir was considered by the councils of last year, but no satisfactory conclusion was reached. The same question may come under your consideration. This reservoir has not been used for some time; no apparent disadvantage has arisen from its discontinuance and consumers have doubtless had more of the Echo Lake water

because of this. Unless it should be needed for use in fire, there seems little necessity for this reservoir.

The sewer system is in excellent condition. You are referred to the report of Superintendent Babbidge for details.

POLICE DEPARTMENT.

In 1895 this department cost \$2,800, about \$250 more than the previous year. Twenty-one more arrests were made than in 1894, and, as in former years, most of these arrests were for drunkenness.

CITY PHYSICIAN.

This report is a gratifying one. The reduction of prices at the Elliot City Hospital makes it possible for the city to care for the sick who require the services of a nurse at a smaller expense than could be done at any other place.

ELLIOT CITY HOSPITAL.

In May last, an ordinance relating to the Elliot City Hospital was changed so that all money, from whatever source, should be paid over to the city, and all bills contracted by the trustees should be passed to the city for payment. Under the original ordinance, passed May 19, 1892, part of the bills were paid by the trustees and part by the city. This method did not seem the correct one, therefore the ordinance was changed as above stated. August 2, a joint resolution was passed authorizing a special committee, consisting of the mayor and joint standing committee on lands and buildings, to receive bids, to make a contract and cause to be placed in the hospital a system of direct steam heating, with one large indirect radiator in the main hall. The contract was awarded to H. W. Hubbard of this city. Thus far the system is giving good satisfaction. The cost was \$1500. The resolution

which authorized this work also authorized the use of the bequest of Emma Packard and as much of the Mehitable Lovell bequest as was needed to meet this expense. \$828.37 of the Emma Packard fund was used and \$500 of the Mehitable Lovell fund was drawn by the city treasurer from the Cheshire Provident Institution, to be used toward the payment of the balance of the \$1500 contract. At this time a bill in equity was brought by Simon G. Griffin, one of the trustees of the hospital, to restrain the city from using any of the fund. This suit is now in court. October 3, the councils passed an ordinance abolishing the board of trustees and placing the management of the hospital into the hands of a joint standing committee consisting of the mayor, one alderman and two councilmen.

By examining the reports you will see that the receipts for 1895 were as follows :

Balance, December 1, 1894,	\$550 42
Appropriation,	1,500 00
Received from patients, nursing, etc.,	4,189 76
Packard fund,	828 37
	<hr/>
Total,	\$7,068 55

The expenditures were :

Paid current expenses,	\$5,523 01
Paid for heating plant,	1,500 00
Paid for plans (not used),	66 51
	<hr/>
Total,	\$7,089 52

Making the amount overdrawn, \$20.97. For particulars of the work done I refer you to the report of the matron.

CONCLUSION.

It is with regret that we admit that some of our citizens are engaged in an unlawful business. Not only must the sale

of spirituous liquors be followed by the penalty prescribed by the law, but there is an added penalty of suffering and misery which must be paid, not by the liquor dealer, but by the purchaser and by his family. The city marshal's report shows that ninety-eight out of the one hundred and twenty-eight arrests made last year were for drunkenness. It is the duty of the city government to work for an advance in the direction of the right in all lines where the evil is apparent.

Numerous other departments deserve mention, but perhaps it will not be necessary to weary you further at this time.

I trust, and am confident, that our deliberations will be harmonious, the welfare of the city being our chief consideration, and that our conclusions will be creditable to all.

CITY GOVERNMENT,

KEENE, N. H.

1896.

MAYOR.

GEORGE W. MCDUFFEE.

City Clerk, J. P. Wellman.

ORDINANCES AND JOINT RESOLUTIONS.

PASSED BY THE CITY COUNCILS IN 1896.

CITY OF KEENE.IN THE YEAR OF OUR LORD ONE THOUSAND EIGHT HUNDRED
AND NINETY-SIX.

A JOINT RESOLUTION relating to a lease of Charles E. Keith's.

Resolved by the city councils of the city of Keene, as follows :

That Mayor McDuffee be and hereby is authorized to terminate the lease now existing between the city of Keene and Charles E. Keith, at any time when the said Keith shall vacate the premises before the expiration of said lease.

Passed December 19, 1895.

A JOINT RESOLUTION amending section eleven of joint rules of order.

Resolved by the city councils of the city of Keene, as follows :

That section eleven of the joint rules of order be amended by adding at the end of said section, the words, "on Elliot city hospital."

Passed January 2, 1896.

A JOINT RESOLUTION relating to regular meetings.

Resolved by the city councils of the city of Keene, as follows.

That the city councils meet on the first and third Thursdays of each month, at 7.30 o'clock p. m., for general business.

Passed January 7, 1896.

A JOINT RESOLUTION relating to annual appropriations.

Resolved by the city councils of the city of Keene, as follows :

That in accordance with the recommendations of the committee on finance, the following sums be and hereby are appropriated :

Ordinary city charges,	\$7,500 00
City paupers,	3,000 00
Dependent soldiers,	100 00
Repairing highways and bridges,	11,000 00
Construction of macadam,	5,000 00
Fire department,	4,000 00
Police,	2,800 00
Electric lights,	4,500 00
Gas, gasoline and incandescent lights,	2,000 00
Public library,	500 00
Support of public library,	700 00
Memorial services,	175 00
Interest on railroad gratuity bonds,	4,300 00
Interest on sewerage bonds,	2,800 00
Interest on water bonds, loan of 1887,	1,295 00
Interest on water bonds, loan of 1891,	1,800 00
Payment on railroad gratuity bonds,	15,000 00
New sewers,	500 00
Public parks,	200 00
H. O. Coolidge annuity,	800 00

School books and supplies,	\$1,500 00
Elliot city hospital,	1,500 00
	<u> </u>
	\$70,970 00

And that the sum of \$42,000 be raised by taxation, and the balance be paid from any money in the treasury not otherwise appropriated.

Passed January 16, 1896.

A JOINT RESOLUTION relating to the pay of a clerk for the board of health.

Resolved by the city councils of the city of Keene, as follows :

That the board of health be authorized to hire a clerk for said board, at an expense not to exceed the sum of twenty-five dollars, for the year 1896, and that the bill for the same, after the approval of a majority of the said board, be paid at the expiration of the year, from the amount appropriated for ordinary city expenses.

Passed January 16, 1896.

A JOINT RESOLUTION relating to repairs of hose wagon and purchase of extinguishers.

Resolved by the city councils of the city of Keene, as follows :

That the joint standing committee on fire department be and hereby are authorized to purchase new wheels and axles for the steamer hose wagon, and have the whole wagon painted and varnished, and also to purchase four fire extinguishers of such size and make as they may deem best, and the sum of two hundred and twenty-five dollars is hereby appropriated out of any money in the treasury not otherwise appropriated, to defray the expense thereof.

Passed February 20, 1896.

A JOINT RESOLUTION relating to an addition to the public library room, etc.

Resolved by the city councils of the city of Keene, as follows :

That the joint standing committees on lands and buildings and public library be and hereby are authorized to make a contract with some reliable party for making changes in the store room lately occupied by C. E. Keith, as per the recommendation of said committee, and the sum of two hundred and twenty-five dollars is hereby appropriated out of any money in the treasury not otherwise appropriated, to pay the expense thereof.

Passed March 20, 1896.

A JOINT RESOLUTION relating to the pay of members of the school board and board of education.

Resolved by the city councils of the city of Keene, as follows :

That each member of the school board and board of education, of the city of Keene, be paid at the rate of twenty dollars per annum for the year ending March 1, 1896, out of any money in the treasury not otherwise appropriated, and the city clerk is authorized to certify the same to the auditor.

Passed April 16, 1896.

A JOINT RESOLUTION relating to repairs on city hall.

Resolved by the city councils of the city of Keene, as follows :

That the joint standing committee on lands and buildings, and the committee on city hall be and hereby are instructed to procure plans, specifications and estimates of the cost of enlarging and improving city hall stage, providing additional dressing rooms, and procuring whatever additional scenery that may be necessary; also, of laying a new floor and of

making whatever other repairs are needed. Also, that they inspect the city marshal's office and see if any repairs be needed.

Passed April 16, 1896.

AN ORDINANCE in amendment of section twenty-six of chapter XXXIV, city ordinances.

Be it ordained by the city councils of the city of Keene, as follows :

That section twenty-six of chapter XXXIV, city ordinances, be amended by striking out the word — “one,” in the third line thereof, and substituting in place thereof the word — “two,” so that said section shall read when amended, as follows :

SECTION 26. The superintendent of fire alarm shall receive in full for his services, and all duties pertaining to his office, the sum of two hundred dollars per year, payable in equal quarterly payments.

Passed April 16, 1896.

AN ORDINANCE in amendment of an ordinance relating to city hospital, passed October 3, 1895.

Be it ordained by the city councils of the city of Keene, as follows :

That there shall be inserted in said ordinance between sections five (5) and six (6) the following: The said joint standing committee shall constitute a board of trustees of said Elliot city hospital, whose duty it shall be, as such trustees, in addition to their duties of care, superintendence and management hereinbefore provided; to hold, invest, and manage all funds heretofore or hereafter given or bequeathed in terms, to the trustees of Elliot city hospital, and expend the same in accordance with the intentions of the donors of said funds.

Passed April 16, 1896.

A JOINT RESOLUTION relating to accepting the bequest of Caroline H. Ingersoll, as offered by the executor, Geo. S. Hale.

Resolved by the city councils of the city of Keene, as follows :

That said city accepts and agrees as stated in said agreement, and that the mayor of said city be and hereby is, on receipt of the sum of one thousand dollars (\$1000) from said executor, authorized and empowered in the name and behalf of said city, to execute said receipt and agreement, by signing its corporate name and affixing its common seal thereto ; and to acknowledge and deliver the same as its free act and deed to said executor.

Passed April 16, 1896.

A JOINT RESOLUTION relating to street watering.

Resolved by the city councils of the city of Keene, as follows :

That the joint standing committee upon streets be and hereby is authorized and instructed to cause to be watered, during the current year, such public streets and places as they, in their discretion, may deem judicious.

That the superintendent of streets be and hereby is instructed to furnish the said committee with two pairs of the city's horses, and drivers therefor, for the purposes aforesaid ; but such horses shall always be at the absolute disposal of the proper authorities whenever required for the use of the fire department.

That the board of mayor and aldermen be and hereby is authorized and instructed to assess upon each estate abutting upon the streets and places so watered in 1895, the sum of two dollars and fifty cents, to cover the cost of such watering, and to certify the amount of such assessments upon each estate so assessed to the collector of taxes, who shall include the same in the next tax bill issued for the annual tax on each

of such estates, unless the same shall have been previously paid.

That such assessments shall be paid to the collector of taxes, and shall be due and payable on June first next.

That the streets so designated; and no others, shall be watered during the present year; provided, however, that said committee may cause to be watered other streets, or parts of streets, in their discretion, whenever two-thirds or more of the abutters upon any given street, or part of a street, shall so request in writing.

That in case the street watering service be extended as aforesaid, the committee aforesaid shall at once report the same to the board of mayor and aldermen, who shall proceed to assess the estates of all the abutters upon such streets, and parts of streets, as hereinbefore provided, and certify the same to the collector of taxes, who shall collect the same in accordance with the provisions of this resolution hereinbefore contained.

Passed April 16, 1896.

A JOINT RESOLUTION relating to the locating and building of the Allan Ingersoll fountain.

Resolved by the city councils of the city of Keene, as follows:

That His Honor Mayor McDuffee, Engineer Samuel Wadsworth and one alderman and two councilmen, to be appointed by the chairman of each board, be constituted a special committee to take charge and full control of locating, selecting and building the fountain in Central Park, to be called the Allan Ingersoll fountain, and the said committee are hereby authorized, to make contracts and approve bills to the amount of one thousand dollars, given for said purpose by the late Caroline H. Ingersoll.

Passed April 16, 1896.

AN ORDINANCE relating to the use of bicycles and tricycles.

Be it ordained by the city councils of the city of Keene, as follows :

SECTION 1. No person, except as hereinafter provided, shall ride through or upon any highway, street, or lane, in the compact part of the city, at a swifter pace than at the rate of five miles an hour.

SECT. 2. No person, except as hereinafter provided, shall ride through or upon any highway, street or lane, at a swifter pace than at the rate of ten miles an hour.

SECT. 3. No person shall ride a bicycle or tricycle on any walk specially prepared for the purpose of a sidewalk and maintained by the city or abutters.

SECT. 4. No person shall ride a bicycle unless the same is provided with a suitable alarm bell.

SECT. 5. The mayor may at his discretion grant permits to any person or persons to ride such machines, during a specified time, upon specified portions of the public ways of the city, at any rate of speed, and may annex such other reasonable conditions to such permits as he shall deem proper, and, under such conditions as he may deem proper, permit the use of velocipedes or other similar machines by children, on any sidewalk in any public highway, street or lane.

SECT. 6. Any person violating any of the provisions of this ordinance shall be punished, by a fine not exceeding twenty dollars.

SECT. 7. Any prosecution for the violation of the provisions of this ordinance shall be commenced within sixty days from the time the offence is committed.

SECT. 8. The last sentence of section four, chapter XV of the ordinances of the city of Keene, is hereby repealed.

SECT. 9. This ordinance shall take effect on the fifteenth day of May 1896.

Passed May 7, 1896.

A JOINT RESOLUTION relating to city hall.

Resolved by the city councils of the city of Keene, as follows :

That the committee on city hall be authorized to grant to John Sedgwick Post G. A. R., the free use of the city hall for Memorial services on the thirtieth day of May 1896.

Passed May 21, 1896.

A JOINT RESOLUTION relating to an extension of the water main on Swanzey road.

Resolved by the city councils of the city of Keene, as follows :

That the water and sewer commissioners, be and hereby are authorized to extend the water mains from their present terminus at the Catholic cemetery on said road, to a point opposite the house owned and occupied by Jonathan Hall, and the sum of four hundred and fifty dollars is hereby appropriated out of any money in the treasury not otherwise appropriated, to pay the expense of the same.

Passed May 21, 1896.

A JOINT RESOLUTION relating to repairs on the Amoskeag steam fire engine.

Resolved by the city councils of the city of Keene, as follows :

That the sum of four hundred fifteen and fifty one-hundredths (415.50) dollars be and hereby is appropriated out of any money in the treasury not otherwise appropriated, to pay the freight and repairs on the Amoskeag steam fire engine, and the freight and rental of the hired one, and the joint standing committee on fire department are authorized to approve said bills.

Passed May 21, 1896.

A JOINT RESOLUTION relating to a discount on taxes.

Resolved by the city councils of the city of Keene, as follows :

That the collector of taxes be authorized and instructed to allow a discount of two per centum on all taxes assessed the present year which shall be paid on or before July 15, 1896.

Passed May 21, 1896.

A JOINT RESOLUTION relating to a division of school money.

Resolved by the city councils of the city of Keene, as follows :

That the money by law assessed in the city of Keene for the support of schools the present year of \$16,645.00, the literary fund of \$1,064.28, the unexpended balance of the dog licenses of \$558.37, and the balance of interest of the Hibbard fund of \$36.65, making a total of \$18,304.30, be divided between the school districts as follows, viz: \$75.00 be assigned to each of the twenty-two schools in union district, amounting to \$1,650.00, and the same amount to each of the eleven schools in the city district, amounting to \$825.00, and the balance of \$15,829.30 be apportioned pro rata among the 1,100 scholars in union district and the 146 in city district, making the whole amount apportioned to union district, \$15,624.51, and to the city district, \$2,679.79.

Passed June 4, 1896.

A JOINT RESOLUTION relating to pay of firemen for work at brush fires.

Resolved by the city councils of the city of Keene, as follows :

That the sum of forty-one dollars be and hereby is appropriated out of any money in the treasury not otherwise appropriated, to pay firemen for services at brush fires on April 29

and May 19 last, and for the team to carry them to the fires and back, and the clerk is hereby directed to draw upon the treasury for the above amount and disburse it, each person receipting for the amount opposite his name.

Passed June 4, 1896.

A JOINT RESOLUTION relating to an additional appropriation for Elliot city hospital.

Resolved by the city councils of the city of Keene, as follows :

That in addition to the sum heretofore appropriated, the sum of five hundred dollars be and hereby is appropriated out of any money in the treasury not otherwise appropriated, to aid in the maintenance of Elliot city hospital.

Passed June 18, 1896.

A JOINT RESOLUTION relating to adjournment.

Resolved by the city councils of the city of Keene, as follows :

That when these bodies adjourn, it be to meet on Thursday, September third, 1896, at 7.30 o'clock p. 'm., unless otherwise ordered by the mayor.

Passed June 18, 1896.

A JOINT RESOLUTION relating to Elliot city hospital.

Resolved by the city councils of the city of Keene, as follows :

That, whereas, the late John Henry Elliot, by his deeds dated March 29, 1892, and May 1, 1895, conveyed to the city of Keene, the real estate situated upon Main street, in said

city, now known as the "Elliot City Hospital," "upon the conditions of maintaining the same as a hospital," and,

Whereas, the said city by joint resolutions passed April 7, 1892, and October 3, 1895, accepted said conveyances upon the said conditions, and,

Whereas, the management of said hospital by the said city, whither directly or by means of a board of trustees, is attended with difficulties, the continuance of which might impair its usefulness for the purposes contemplated by the donor and desired by the public, and,

Whereas, it has been made to appear that a corporation has been duly established by law for the purpose of acquiring said hospital property and carrying into effect the purposes of the gift, and that all the heirs at law of said John Henry Elliot, to whom the said property reverts by law upon the failure of said city to fulfill the said conditions, have executed a good and sufficient deed of the same to said corporation, to be delivered to it whenever said conditions are broken by said city.

Now, therefore, be it resolved, that from and after this date, the city of Keene will decline to maintain the said property as a hospital or to comply with and carry into effect the conditions named in said deeds; that the mayor is authorized and instructed to execute a quitclaim deed of said property to said corporation, together with all the personal property on said premises which is used for the benefit of the hospital located thereon and in aid of the purposes for which the same was established, and deliver the same simultaneously with the said deed from the said heirs at law of said John Henry Elliot; that the treasurer of the city be authorized and instructed to pay over and deliver to said corporation all funds and securities except appropriations for the current year, held by the city for the use of the hospital; that the trustees of said hospital, viz: the joint standing committee on Elliot city hospital be authorized and directed to pay over and deliver to the trustees of said corporation all funds and securities held by them for the use of said hospital; that all bills contracted

for the benefit of the hospital, up to August 1, 1896, be paid by the city, that the unexpended balance of the appropriation for said hospital for the current year, if any, be returned to the city treasury, and that a sum equal to said unexpended balance be and hereby is appropriated for the maintenance of said hospital, to be paid out of any money in the treasury not otherwise appropriated.

Passed August 6, 1896.

AN ORDINANCE relating to Elliot city hospital.

Be it ordained by the city councils of the city of Keene, as follows :

SECTION 1. That the ordinance relating to Elliot city hospital, passed October 3, 1895, and all other ordinances and joint resolutions relating to said hospital, and passed before the date hereof, are hereby repealed.

SECT. 2. This ordinance shall take effect upon its passage.

A JOINT RESOLUTION relating to the borrowing of money to pay old water bonds.

Resolved by the city councils of the city of Keene, as follows :

That, whereas, old water works bonds of the city to the amount of \$10,000 becoming due on the first day of October next, and a sufficient amount of the sinking fund of the city is not available for the purpose of paying the same ; now therefore resolved, that the joint standing committee on finance be and hereby are authorized and empowered to borrow a sum not to exceed five thousand dollars for the purpose of paying the above named bonds, giving the notes of the city for the same with interest at as low a rate as possible.

Passed September 3, 1896.

A JOINT RESOLUTION relating to the expenses attending the annual inspection of Keene fire department.

Resolved by the city councils of the city of Keene, as follows :

That the sum of sixty (60) dollars be and hereby is appropriated out of any money in the treasury not otherwise appropriated, to pay the expenses attending the annual inspection of Keene fire department.

Passed September 17, 1896.

A JOINT RESOLUTION relating to the bequest of Julius N. Morse.

Resolved by the city councils of the city of Keene, as follows :

That, whereas, Julius N. Morse, late of Keene, deceased, by his last will and testament bequeathed to the city of Keene, to be added to the Simmons and Eastburn fund, one thousand dollars, and whereas, the executor of said will has signified his readiness to pay over said sum to said city ; therefore resolved, that the city of Keene by its councils hereby accepts of said bequest, and the mayor is hereby authorized to receipt for the same and deposit it with the city treasurer, who shall hold the same until such time as the committee on finance may see fit to invest it.

Passed October 1, 1896.

AN ORDINANCE in amendment of section four, chapter XIV, city ordinances.

Be it ordained by the city councils of the city of Keene, as follows :

That section four, of chapter XIV, of the city ordinances be amended by striking out from the sixth line thereof the

words, "from the collection of fines or," and adding to said section the words, "and all sums of money arising from the collection of fines may be used by the trustees for the printing of lists of new books, and the balance thereof shall be added to the appropriation for the purchase of books," so that said section as amended shall read :

SECTION 4. The board of trustees shall have no power to pledge the credit of the city for any debts that they may incur, but they are hereby authorized to expend such sums of money as may be from time to time appropriated by the city councils for the benefit of the public library. All sums of money arising from the sale of catalogues shall be added to the appropriation annually made for the purchase of books and used by the trustees for that purpose, and all sums of money arising from the collection of fines may be used by the trustees for the printing of lists of new books, and the balance thereof shall be added to the appropriation for the purchase of books.

A JOINT RESOLUTION relating to additional appropriations.

Resolved by the city councils of the city of Keene, as follows :

That in addition to the sums heretofore appropriated, the following sums be and hereby are appropriated out of any money in the treasury not otherwise appropriated for the following purposes, viz. :

In settlement of Mrs. Ira D. Gates claim,	\$2,000 00
Land damages,	500 00
Ordinary city expenses,	1,000 00
City paupers,	1,500 00
Police department,	700 00
	<hr/>
	\$5,700 00

Passed October 15, 1896.

A JOINT RESOLUTION relating to laying water main in a new street at West Keene.

Resolved by the city councils of the city of Keene, as follows :

That the sum of five hundred dollars be and hereby is appropriated to defray the expense of putting down a water main in a new street recently laid out at West Keene, and the water and sewer commissioners are authorized to have the work done.

Passed October 15, 1896.

A JOINT RESOLUTION relating to guide boards or posts.

Resolved by the city councils of the city of Keene, as follows :

That guide boards or posts are not required to be kept up at the places hereinafter designated, viz : Junction of Abbott road and Westmoreland summit roads ; junction of cross road to Arch street and Westmoreland old road ; junction of same with Arch street ; junction of Grimes road and Arch street ; junction of Pemberton road and Chesterfield road ; junction of cross road from Arch street and Daniel Hill road ; junction of West hill base road and West street ; junction of Thompson road and Main street ; junction of Swanzey Factory road and South Keene depot road ; junction of Swanzey Factory road and South Keene depot road at South end ; junction of Beech hill summit road and Marlboro road ; junction of Reed road (new bridge) and Marlboro road ; junction of Beech hill summit road and Concord road ; junction of Frank Wright's road and Concord road ; junction of Morse road and Concord road ; junction of Ellis road and Concord road ; junction of Branch road and Concord road ; junction of road near Nahum Wright's and Sullivan road ; junction of four roads on the "Middle" road ; junction of Morse road

and Middle road ; junction of Middle road and Lower road ; junction of Lower road and Summit road ; junction of Goodnow road and Lower road ; junction of Abbott road and Walpole road ; junction of Abbott road and cross road to Walpole road ; junction of cross road and Walpole road ; junction of Graves road and Marlboro road.

Passed October 15, 1896.

A JOINT RESOLUTION relating to accepting the bequest of Jemima F. Foster.

Resolved by the city councils of the city of Keene, as follows :

That, whereas, Jemima F. Foster, late of Keene, deceased, by her last will and testament bequeathed to the city of Keene, for the care of the lot in Woodland cemetery in which she and her husband are buried, one hundred dollars, therefore,

Resolved, that the city of Keene, by its councils hereby accepts of said bequest, and the mayor is hereby authorized to receipt for the same and deposit it with the city treasurer, who shall hold the same until such time as the committee on finance see fit to invest it.

Passed November 5, 1896.

A JOINT RESOLUTION relating to printing of the annual reports.

Resolved by the city councils of the city of Keene, as follows :

That the joint standing committee on printing be and hereby are authorized to cause a sufficient number of annual reports to be printed, which shall contain the report of the

inauguration of the city government in January last, with such joint resolutions and ordinances as have since been passed, together with the reports of the finance committee, city officers who are required to report, and such other matter as may hereafter be ordered by the board of mayor and aldermen, and also, that a sufficient number be bound in leather for exchange, and in cloth for the use of city officers.

Passed November 19, 1896.

A JOINT RESOLUTION relating to expenses of election.

Resolved by the city councils of the city of Keene, as follows :

That the sum of fifty-one and twenty one-hundredths dollars be and hereby is appropriated out of any money not otherwise appropriated, to pay the inspectors of elections, for putting up and taking down the booths, repairing of the ballot boxes, and the city clerk is hereby authorized to approve said bills.

Passed November 19, 1896.

A JOINT RESOLUTION relating to Roxbury and Winchester street bridges.

Resolved by the city councils of the city of Keene, as follows :

That the sum of eight hundred eighty-four and six one-hundredths dollars be and hereby is appropriated out of any money in the treasury not otherwise appropriated, for the building of the new bridge on Roxbury street and the repairs recently made on the Winchester street bridge.

Passed November 19, 1896.

A JOINT RESOLUTION relating to exemption from taxation.

Resolved by the city councils of the city of Keene, as follows :

That, whereas, T. R. Hazard and others propose to organize a corporation under the laws of this state, taking a lease of land and buildings of Calvin H. Ellis, in this city, and engage therein in the manufacture of wire goods in said Keene, now, therefore, resolved, that such buildings, machinery and the capital used by said corporation in carrying on said business and in operating said establishment, be and hereby are exempt from taxation for such time as the same are used for such purpose, not exceeding five years from January 1, 1897.

Passed December 3, 1896.

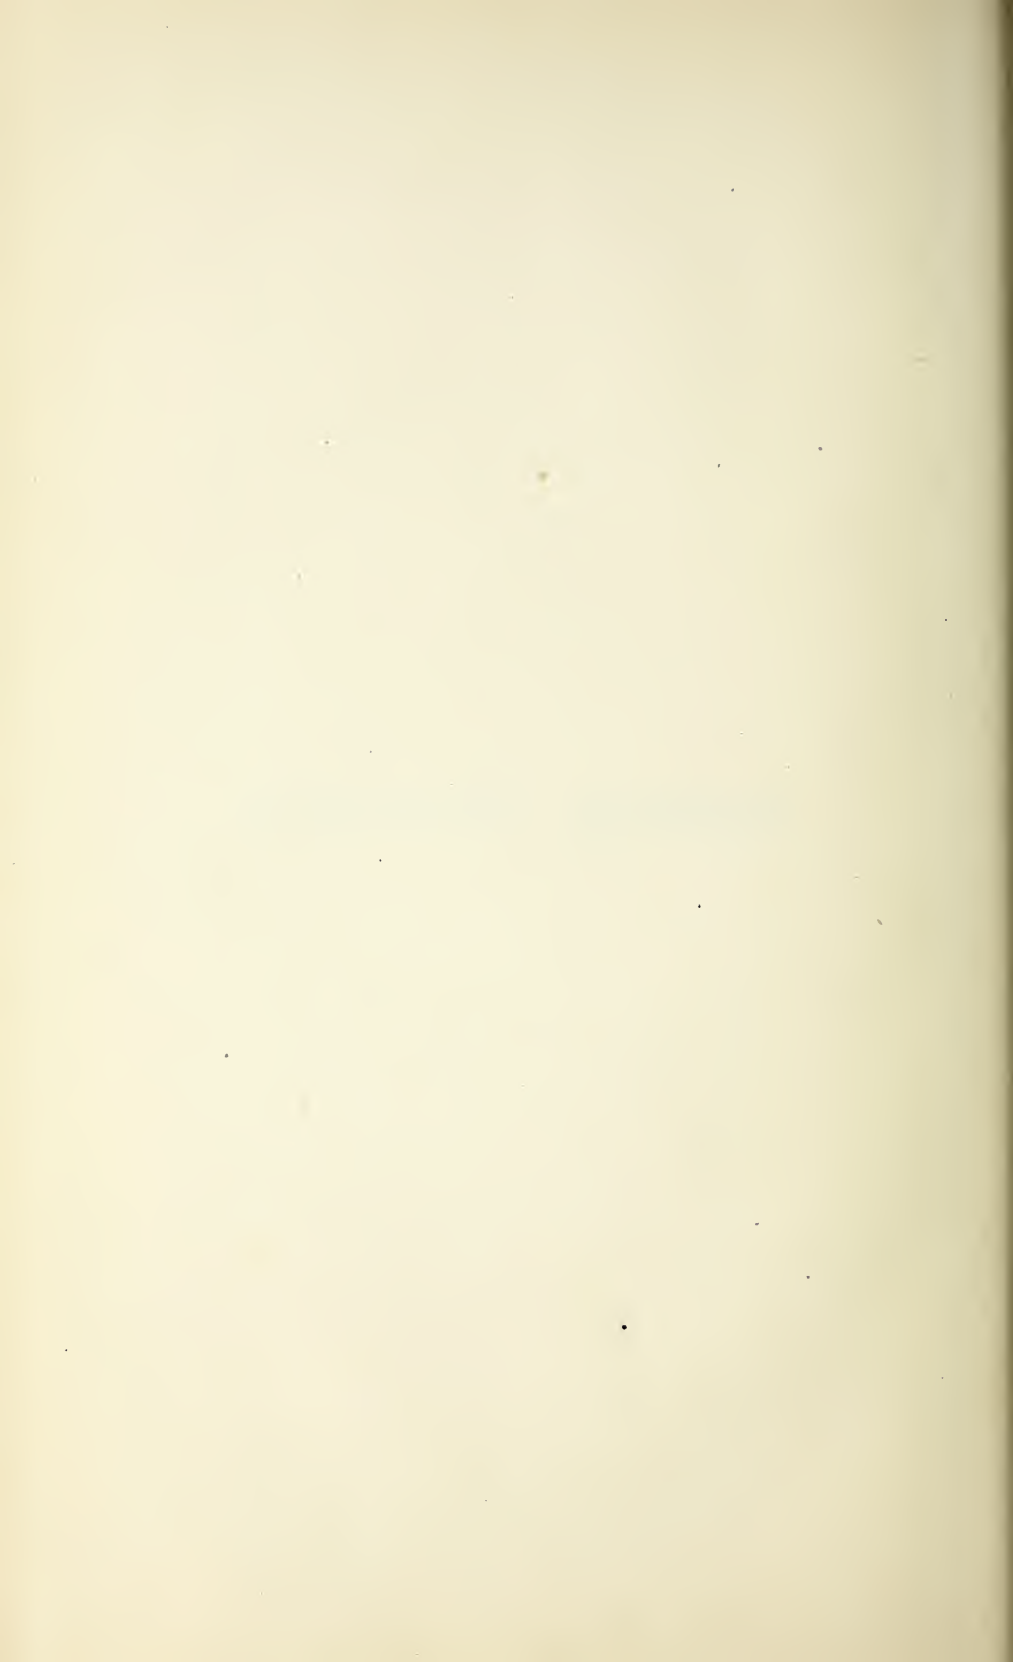

A JOINT RESOLUTION relating to exemption from taxation.

Resolved by the city councils of the city of Keene, as follows :

That, whereas, Frank T. Fowler and others propose to organize a corporation under the laws of this state, and to erect buildings in this city for the purpose of engaging in the manufacture and sale of bicycles and bicycle parts, and of doing all kinds of machine business, which corporation is to be organized under the name of Frank T. Fowler Manufacturing Co., with a paid up capital stock of one hundred thousand (\$100,000.00) dollars ; therefore, resolved, that such buildings, machinery and the capital used by said corporation in carrying on said business and in operating said establishment, be and hereby are exempt from taxation for such time as the same are used for such purposes, not exceeding ten years from July 1, 1897.

Passed December 11, 1896.

The comprehensive report of the superintendent leaves little to be said in regard to the work of the department during the year.

We have now sufficient meters in use to cause a noticable increase in the average pressure, the meter rates which were established are proving generally satisfactory, both to the department and to the consumers.

It is therefore our judgment that the policy of metering all manufacturing plants and other large users of water should be adhered to.

We submit below the result of analysis of water taken from the storage reservoirs, from the dam where the Echo lake water enters the pipe, and at other points in the system.

Derry, N. H., Dec. 9, 1896.

MR. P. F. BABIDGE, *Supt. Keene Water Works.*

Dear Sir.—Enclosed you will find reports on the samples of water you sent for examination.

I have spent a good deal of time hunting the bacteria and obtained the results as given in the reports.

The term “odorless” as here used means that the water has no marked or unusual odor. All open waters, generally, have what is called a pond-like odor. This is natural and expected. These samples, however, are very free from this odor.

All the samples have a yellowish tint, some very slight, others stronger. The marking, degree 1, degree 2, signifies that those samples mark lowest, have the least color.

All waters, containing vegetable juices, as the infusion of leaves, even when an extremely small amount of the plant substance is present, foams when evaporated nearly to dryness. Sewage material does not cause this behavior.

As the last portion of the water containing dissolved vegetable matter, dries away, the solid material is deposited in irregular lines and circles, caused by the action of the last bubbles of steam. These samples do not foam much during evaporation, which shows that the quantity of dissolved vegetable matters is limited.

Vegetable material being rich in carbon, blackens and burns rather slowly when strongly heated. Sewage matter contains much nitrogen with the carbon in it. Such substance during ignition blackens less and burns quicker. In case of these samples of water the blackening is not very intense, though persistent. This indicates that the carbonaceous material present is vegetable, not of animal nature, not sewage.

The total amount of solid material is very small, and, of course, shows corresponding freedom from dissolved material. The non-volatile solids are nearly the same in quantity in all of the samples, the dam and office samples being greatest. The non-volatile solids represent the amount of dissolved earthy material approximately; while the volatile and combustible solids represent the dissolved organic material approximately; but only so, for certain inorganic constituents are volatile on ignition, as carbonic acid in carbonate of lime; hence the volatile solids are generally larger than the organic matter present. These waters are very soft. The amount of chlorine is small, as is also the nitric acid. These results show great freedom from drainage and sewage-like material.

For open waters, that is, water coming from ponds and rivers, the ammonia is very low in quantity, except in the sample marked Beech Hill. Here it is higher than desirable, though no higher than often found.

The quantity of oxygen required for oxidation of dissolved carbonaceous substances, is about the average for open waters, being a little higher than desirable in the sample marked dam.

The number of bacteria in these samples must be regarded relatively, rather than as showing the bacterial conditions of the waters in the several sources; because they multiply very rapidly after water is taken from its source and placed in warmer atmosphere. These samples had been taken several days previous to the bacterial examination. Notwithstanding this, most of the samples contains a very small number of bacteria. It will be observed, that, if the sum of the figures for ammonia and oxygen be allowed to represent the amount of organic matter, the number of bacteria varies nearly the same. When there is the most decomposing organic matter, there will be the greatest number of bacteria.

The bacterial condition of these samples of water, considering the length of time before the examination was made, shows great freedom from putriferous changes, and consequently great freedom from the presence of deleterious organic matter. None of the bacteria are pathogenic.

These samples of water contain no disease germs, or sewage bacteria. Injurious organic matter and sewage are absent. The samples are very good water.

Very truly yours,

EDMUND R. ANGELL.

Comparison of the analysis of Echo lake water, with that of water taken at the dam, shows slight deterioration after the water leaves the lake, this is probably caused by the decay of leaves and other vegetable matter in the brook at this season of the year.

Thanking you for your hearty coöperation in the work of the department, this report is respectfully submitted.

N. G. GURNSEY,
GEO. W. FISHER,
CHAS. M. NORWOOD,

Board of Water and Sewer Commissioners.

SUPERINTENDENT'S REPORT.

To the Board of Water and Sewer Commissioners:

GENTLEMEN.—I herewith submit the twenty-seventh annual report of the water department, and the thirteenth annual report of the sewer department, for the year ending December 1, 1896.

WATER DEPARTMENT.

SERVICE PIPES.

EXTRACT FROM CITY ORDINANCE.

SECT. 16. The rent for the use of water shall be payable semi-annually in advance, on the first days of June and December in each year, except meter rates, which shall be due monthly, or otherwise, as ordered by the board of water commissioners. All charges for specific supplies, or for fractional parts of a year, shall be payable in advance and before the water is let on.

SECT. 17. The water and sewer department shall make all water and sewer connections and furnish and lay all pipe and other materials for the same to the line of the sidewalk. Before any house drain or water service pipe can be connected with the sewer or water mains, the applicant shall pay to the superintendent of the water works and sewers the following fees :

For each house drain to line of sidewalk,	\$9 00
For each $\frac{3}{4}$ -inch connection to line of sidewalk,	9 00
For each 1-inch connection to line of sidewalk,	10 00
For each $1\frac{1}{4}$ -inch connection to line of sidewalk,	12 00

No connection larger than $1\frac{1}{4}$ -inch shall be made without the written permission of the board of water commissioners. All moneys collected by the superintendent shall be paid to the city treasurer once a month.

SECT. 18. Any person who shall do plumbing of any kind on any of the pipes or fixtures connected with the water works or sewers, except on written permission of the superintendent, may be fined a sum not exceeding twenty dollars. Plumbers may be licensed to do such work, by the board of mayor and aldermen, or said licenses revoked by said board upon recommendation of the board of water and sewer commissioners. All licenses shall be granted for the term of the current municipal year, and the fee for each license shall be twenty-five cents. Licensed plumbers shall not commence any work upon, make additions to or changes in any pipes connected with the water works and sewers until they have obtained written permission from the superintendent or his

assistant. Any person who shall set up pipe or fixtures in connection with the water works or sewers, or shall make repairs upon, additions to, or alterations in the same, shall, within three days after the same shall be completed, fill out and return to the superintendent the blank form of permit, showing the number and kind of fixtures, location of stop box, etc. And any plumber failing so to make a return shall have his license revoked.

The superintendent shall notify all water takers who are in arrears one assessment that immediate payment is necessary; and if such payment is not made within thirty days after such notice is given, the superintendent shall then immediately shut off the water from the premises occupied by such persons until the assessment is paid in full, with an additional charge of one dollar to cover expenses.

SECT. 19. The following regulations shall govern the planning of all house drainage and house connections with sewers :

REGULATION FOR HOUSE DRAINAGE AND CONNECTIONS.

I. For each building there shall be a separate connection with the public sewer of four-inch salt-glazed vitrified pipe, which may extend from the sewer to within five feet of the house, and from thence the house-drain shall be of cast iron pipe, satisfactory to the superintendent, and shall extend upwards so that its upper terminus shall communicate directly with the open air in a manner which shall secure perfect ventilation.

II. No trap or any manner of obstruction to the free flow of air through the whole course of the drain and soil-pipe will be allowed.

III. Every fixture shall be effectually trapped. No sink-drain pipe shall be more than one and one-fourth inches in diameter.

IV. No privy-vault or cesspool shall be connected with the house-drain or sewer. When water closets take their

place, said vaults or cesspools shall be thoroughly cleaned out and filled with fresh, dry earth.

V. No subsoil drain shall be connected with the house-drain at any point, the house-drain being made and kept absolutely tight for the removal of foul water without the least opportunity for escape into the soil; and drain-pipe, waste-pipe or rain water conductors shall under no circumstances be connected with the house-drain.

VI. Every water closet shall be adequately flushed with water from a cistern above it; except that, where a cistern is liable to freeze, other methods may be permitted, provided that thorough flushing is secured. No closet shall be used which has a space between two water seals of more than two hundred inches capacity, or which has such space of any capacity, every part of the walls of which is not thoroughly flushed and washed at each use of the closet. Every water closet apartment shall have a direct means of ventilation into the open air.

VII. All soil and waste pipes shall be as direct as possible, and all parts of the work shall be so arranged that they may be at all times readily examined and repaired. Before the fixtures are placed in connection with the plumbing work of any house, and before the soil-pipe is connected with the drain, the outlet of the soil-pipe and all openings into it shall be hermetically sealed; the pipe shall then be filled with water to its top and every joint shall be carefully examined for leakage, and all leaks shall be securely closed before connections with the soil-pipe are made.

SECT. 20. All drain-laying, repairs and connections shall be made according to the following rules, and if any drain be constructed or repaired, or any excavations made for that purpose without a permit in writing from the superintendent, or in a mode different from that prescribed herein, the person doing such work, and the owner or agent directing the same, shall respectively be fined not exceeding twenty dollars, and the person doing such work shall also forfeit his license.

RULES FOR DRAIN-LAYING.

I. Before any connection with the public sewer is made, or any house drainage put in, or any repairs on them, a permit must first be obtained and the plan proposed approved by the superintendent.

II. No pipes or other materials for drains can be used till they have been examined and approved by the superintendent. All the work must be inspected by him and done to his satisfaction.

III. In opening any street or public way, all materials must be placed where they will cause the least practicable inconvenience to the public, and the whole enclosed with sufficient barriers and properly lighted at night from the beginning to the end of the work.

IV. No street shall be opened until the Y branch of the sewer and the entire course of the drain to be laid shall have been precisely staked by the superintendent.

V. The least inclination that can be allowed for house-drains is one in sixty, without the written permission of the superintendent.

VI. In the "house connection" every joint shall be laid with gasket and cement, and bedded in hydraulic concrete at least four inches in depth. The house-drain and soil-pipe must be caulked with lead so as to be both water and air-tight. All joints must be satisfactory to superintendent.

VII. The ends of all pipes not to be immediately connected are to be securely closed water-tight, with imperishable materials. The inside of every drain, after it is laid, must be left smooth and clean throughout its entire length, and true in line and grade.

REGULATIONS.

APPLICATION FOR CONNECTIONS AND SUPPLIES, ETC.

Applications for the use of water, or for the connection of any service pipes or fixtures to supply any premises, shall be made to the superintendent by a written request, stating the requirements of the applicant, with an agreement to conform at all times to the current rules and regulations which may be established in relation thereto; and no person shall be allowed to connect any service pipe to the pipes of the works by tapping or otherwise, without a written permit from the commissioners or superintendent; and all trenching, or other work incident to laying or repairing water pipes in any street or public ground, shall be subject to their supervision and approval. Also, the location, capacity, quality and general character of any pipe or other fixings used, whenever the interests of the works may be affected thereby.

Each service pipe connected to any street main or distributing pipe belonging to the works, shall, near the sidewalk, be provided with an iron extension stop box, the cover of which shall be flush with the sidewalk or top of ground; also with suitable stop and waste cocks (on premises of the user), for shutting off and discharging the water from all pipes or fixtures liable to injury from the action of frost.

The water department shall make all water connections and furnish and lay all pipe and other materials for the same, to the line of the sidewalk.

Before any water service pipe can be connected with the water mains, the applicant shall pay to the superintendent of water works the following fee:

For each $\frac{3}{4}$ -inch connection,	\$9 00
For each 1-inch connection,	10 00
For each $1\frac{1}{4}$ -inch connection,	12 00

No connection larger than $1\frac{1}{4}$ -inch can be made without the written permission of the board of water commissioners.

Relaying old service pipes will be done by the water department from the main to the street line.

Hereafter no water or sewer pipes will be laid in the streets, except by the water and sewer department.

EXAMINATION AND OVERSIGHT OF FIXTURES AND SUPPLIES,
ETC.

All persons using water, or whose premises are furnished with pipes connected with the water works, are required to give due notice of any changes involving any increase in use of water; also, to allow the commissioners, the superintendent or his assistants, to make personal examination of all fixtures between the hours of eight a. m., and six p. m.; also, to answer correctly all proper inquiries in relation to the quantity, purposes and manner in which water is used upon their premises, so far as may be deemed necessary for a faithful supervision of the same; and any person who shall make false representations in regard to the amount of water used, or who shall allow any other person or family to take or use water from his fixtures, or shall use it for any purpose not included in their contracts or payments, without the consent of the commissioners, thereby intending to evade or defraud in the payment of rates, shall be subject to payment of double rates therefor, or to such other penalties as may be provided by law.

Any person whose premises are supplied with service pipe and fixtures, allowing tenants or others to take or use water from same, will be holden for the payment for water so used or taken, unless such tenants or other persons shall have made application to the superintendent, and complied with the requirements in regard to such use.

PROVISIONS FOR SHUTTING OFF SUPPLY, ETC.

In cases of misrepresentation, misuse or waste of water, non-payment of rent, or for neglect or refusal to comply with the established rules and regulations of the water works, the commissioners may cause the supply to be shut off and withheld from any service pipe until the cause of the complaint is

removed, and the sum of one dollar is paid for the expense of shutting off the water.

And in case two or more several parties or families are supplied by any service pipe from which the water may be shut off on account of the failure of any one of them to comply with the established rules and regulations, the supply may be withheld from them without liability in damage to either of them until the defaulting party shall remove the cause of complaint.

And if any person shall without permit, turn on the water at any corporation or private stop-cock, when it has been shut off on account of any violation of rules, until all costs are paid and all causes of complaint are removed, such person or persons using water therefrom, shall be liable to payment of three-fold rates and such other penalties as may be recovered by law.

The right to shut off water for repairs, extensions, and other necessary purposes of the works, is at all times reserved; also, in case of scarcity, or deficient supply, the use for garden hose and other purposes for which comparatively low rates are charged, are to be subject to such restrictions as may be deemed necessary to meet the exigencies of the occasion. And in case of fire, it is the duty of all users to shut off and discontinue, as far as practicable, all draughts from the works which may lessen the pressure at the fire hydrants.

If any house or tenement becomes vacant, the superintendent's office shall be notified. He will at once cause the water to be shut off, until the house or tenement is again occupied, and on application from the owner will let it on again, without expense to the owner. Otherwise full rates will be charged and no rebate will be allowed.

RULES FOR PLUMBERS.

Plumbers will not be allowed to start on any work until they have a written permit, signed by one of the commissioners, or the superintendent, or his regular appointed assistant.

Every plumber who shall set up any pipe or fixtures in

connection with the water works and sewers, or shall make repairs upon, additions to, or alterations of the same, shall, within three days after the same shall be completed, fill out and return to the superintendent the blank form of permit, showing the number and kind of fixtures, location of stop box, etc., under the penalty of having his license revoked.

The superintendent's office shall be notified twenty-four hours in advance when work will be ready for inspection.

ASSESSMENT AND COLLECTION OF RENTALS, ETC.

Semi-annual assessments of rents for use of water are made on the first days of June and December, except metered water, which is due in March, June, September and December, and are payable to the collector, who will be at his office at suitable times for that purpose, of which due notice will from time to time be given; and all regular patrons of the works making payment within forty days from the date of any such assessment—with the understanding that no rebate is to be claimed for any temporary discontinuance of any use for which payment is made—shall be entitled to a discount of twenty per cent. from the regular rates; and all rates not paid in advance or during the forty days from the date of assessment as aforesaid, are to be charged at full advertised rates, and to be deemed due and payable at the expiration of six months' use.

[CHAPTER IV, SECTION 18, CITY ORDINANCES.]

The superintendent shall notify all water takers who are in arrears one assessment, that immediate payment is necessary; and if such payment is not made within thirty days after such notice is given, the superintendent shall then immediately shut off the water from the premises occupied by such persons until the assessment is paid in full, with an additional charge of one dollar to cover expenses.

SCHEDULE OF ANNUAL RATES.

For the ordinary and legitimate uses of each family having the usual kitchen fixtures only, and not including use for watering gardens or other purposes, as follows :

For first four persons or less,	\$5 00
For each additional person,	50
For each additional room supplied with fixtures, not otherwise rated,	1 00
For one bath tub,	4 00
For each bath tub exceeding one,	2 00
For one water closet,	4 00
For each water closet exceeding one,	2 00
Boilers for water or steam heating,	\$1.25 to 10 00
Hose or hydrant for garden or lawn sprink- ling (for four months),	4 00
And upward according to use required.	
Ornamental fountains (limited use),	6 00
Hotels, for each room to twenty-five,	1 00
Each room exceeding twenty-five,	50
Hotel stables, each stall to ten,	1 25
Hotel stables, each stall exceeding ten,	50
Livery stables, each horse to twenty,	2 50
Each horse exceeding twenty,	1 25
Private stables, for first two horses, each,	2 50
Each horse exceeding two,	1 25

Water for washing carriages to be included in stable rates.

Oxen or cows, each,	1 25
---------------------	------

Special rates for large number.

Restaurants, apothecaries, and photographers, \$8.00 and upward.

Stores or shops using moderate quantities of water,	5 00
Rooms used exclusively as offices,	2 50

Meter rates for manufacturing purposes :

For the first 1,000 gallons per day,	15
For the second 1,000 gallons per day,	10
For the third 1,000 gallons per day,	05
All over 3,000 gallons per day,	02½

Drinking fountains and watering places for public use, and hydrants or fixtures for the protection of the property of any private individuals against fire, provided and maintained at private expense by approval of the commissioners, free.

For all other purposes not enumerated, special rates may be made by the commissioners. Rates for temporary uses, or for periods of less than one year, may be charged at an advance of fifty to one hundred per cent. on the schedule of annual rates, according to the season and nature of the use.

The minimum rate for garden hose or lawn sprinkler is based upon the use of a one-fourth inch jet or its equivalent, not exceeding one hour each day for the season of four months from June to September, and no deduction will be made for partial discontinuance of use.

The rate for ornamental fountains is based upon the equivalent of a one-sixteenth inch jet at standard pressure, averaging not exceeding four hours' daily use during the months of June to September, inclusive, and subject to such other restrictions as occasion may require, without deduction for partial discontinuance of use.

Approved and adopted by the board of water and sewer commissioners for the city of Keene, April 13, 1889.

The system is in good condition; no serious breaks have occurred during the year.

The fire service has been improved and extended on the following streets: Main, Kelleher, McKinley, Railroad at Beaver mills, and West street at the Faulkner & Colony manufacturing company, the last being a private fire service, put in by the Faulkner & Colony company, consisting of three hydrants on the outside, connected with the water works, and also to a large powerful pump in the mill, which is equipped with all the modern sprinkling appliances.

Very few complaints have been made regarding the quality of the water.

The octagon reservoir has been abandoned and the water is now carried direct into the standpipe.

The intercepting dam on Roaring brook is in poor condition. The flume will have to be rebuilt the coming season.

Several streets that are now two-inch pipe should be relaid with larger pipe.

Respectfully submitted,

PAUL F. BABIDGE,
Superintendent.

Manholes, 51
 Flush tanks, 55
 Pipes, all sizes, 87,631 feet, = 16 miles + 3,804 feet.

The sewers are in excellent condition, a thorough inspection of the lines have been made, and considerable work has been done on them the past year, putting in extra stand pipes and boxing old ones; no trouble has occurred from high water.

The flush tanks have been inspected and where needed, repaired; they are all working well.

I would respectfully call your attention to the north and west part of the city. Something will have to be done in the near future, as it will be impossible to extend the present system so as to accommodate these sections of the city.

Respectfully submitted,

PAUL F. BABBIDGE,
Superintendent.

REPORT OF SUPERINTENDENT OF HIGHWAYS.

To His Honor the Mayor and City Councils:

I herewith submit the following report as superintendent of highways, in the city of Keene, for the year ending December 1, 1896.

LIST OF PROPERTY IN MY POSSESSION.

Eight horses, ten harnesses, four carts, one wagon, three sleds, sixteen blankets, thirteen snow ploughs, two snow rollers, two large and one small rollers, one steam roller, three chains, four spread chains, eight halters, one snow scraper, three screens, eight whiffletrees, eight fly nets, two champion road scrapers, four ploughs, twenty-seven picks, thirteen bog hoes, two lawn mowers, twenty-four shovels, five striking hammers, three face hammers, four bush hooks, eight hoes, five stone pickers, four hooks, ten iron bars, four saws, four augers, two levels, three bush scythes and snaths, one grindstone, six snow shovels, five axes, two rakes, three drills, ten dump barrows, three tampers, one derrick, ten sign posts, eight pails, a small lot of tile, bits and brace, 100 pounds of spikes, three paving hammers, one ice scraper, two ladders, six baskets, one hay cutter, eight surcingles, four whips, four brushes, four curry combs, one oil can, twelve lanterns, four wrenches, three small hammers, two pairs rubber boots, eight drills, shims and wedges, one stone boat, fifty feet of curb stone, 6,000 feet of lumber, two pairs of shafts, one set of fall blocks, one vise, one tool box, four stone boat planks.

TOOLS AT THE CRUSHER.

Two carts and harnesses, seven iron bars, four picks, four dump barrows, three hooks, two bush hooks, four shovels, two forks, two bog hoes, five striking hammers, seven sledge hammers, eighteen small drills, forty large drills, one saw, two wrenches, one vise, stone boat, twenty cords pine blocks.

The streets, drains and bridges are in good repair. Upper Main street has been macadamized from the water trough to the Fitchburg tracks, gutters paved, and drain pipes changed. There has been two streets laid out, one, McKinley street built, and Wheelock street partly built. There was a large amount of work done on each of the three Beech hill roads, three abutments relaid, and one bridge on Concord road replaced by iron stringers; two wooden bridges have been replaced, one with 18-inch tile pipe, and one with stone culvert and filled up. There has been cobble stone roads built on Emerald street, 768 square yards; Winchester street, 448; Walpole road, 346; Water street, 693; Goodnow road, 199; and Park avenue, 298 square yards; at an expense of about 25 cents per square yard. Railroad street has been laid with cobble stones, 1,125 feet by 18 feet at a depth of 15 inches, or 2,250 square yards, and rolled. The extra depth of stone, rolling and covering makes the cost about 30 cents per square yard. Part of lower Main street and West street from Central Square to School street has been picked up and recovered with crushed stone at a depth of five inches, 3,725 square yards, at an expense of 25 cents per yard. The expense of river gravel would be about 10 cents per square yard. There has been 2,523 feet in length built of cobble stone road, with an average width of 16 feet. For expenses, see finance report. Received fifty dollars for use of city pasture which I have deposited with city treasurer.

Respectfully submitted,

L. K. STILES,
Superintendent of Highways.

REPORT OF SPECIAL COMMITTEE

ON

MACADAM PAVEMENT.

To the City Councils:

The special committee on macadam pavement submits the following report:

The appropriation for macadam has been expended in grading and improving Main street from Central Square to the railroad.

583 feet of paved gutters have been laid, with necessary changes in drains to correspond with the new lines, and 454½ feet of paving, 9 feet wide, next the curbstones, comprising 851 square yards in all. 470 loads of sand were used for filling and 167 loads under the paving.

5,240 square yards of macadam were laid, requiring 1,152 loads of crushed stone. The amount expended was \$4,917.00. 216 square yards of concrete have been laid in the crossing and around the watering trough, at an expense of \$127.21.

GEORGE W. McDUFFEE,

SIDNEY C. ELLIS,

GEORGE H. GIFFIN,

HERSCHEL J. FOWLER,

SAMUEL WADSWORTH,

Special Committee on Macadam.

REPORT OF PARK COMMISSIONER.

To the Honorable Mayor and City Councils :

The year's appropriation was two hundred dollars, about half of which has been expended at the present writing. Thinning and trimming the birches, ashes and pines in City Park has been continued, until now they begin to assume a grovelike appearance ; but the ground under them is full of small depressions, which can be filled only by carted material.

In the Children's Wood, effort has been made to naturalize northern wild flowers, and ferns not native here ; bulbs, hardy vines, clematis, mints, achilleas, various rudbeckias, columbines and many others. Especial effort has been made with wild asters ; foremost among them the New England aster, which I have also planted on our highways. Among shrubs, preference was given the fruit-bearing barberries, viburnums, black currants, buffalo berries ; also, mulberry trees, pleasing to children and birds. There is the more pleasure in planting these small things because one feels that no fires will wholly destroy them.

In Wheelock Park where the fire twice ran over, tree planting has been tried in a small way. It is desirable to have some open places. The self sown thickets of pine are nearly in some places high enough to be thinned out. It is desirable that they should stand until they lose their lower limbs. In that way the south grove was made, for in the beginning of it the dead limbs underneath were so thick that no one could force his way through them.

G. A. WHEELOCK,
Park Commissioner.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT.

To His Honor the Mayor and Gentlemen of the City Councils :

I herewith present the following report of the fire department for the year ending November 30, 1896.

During the year the department has responded to seventeen calls to fires, nine of which were false alarms, or were for chimneys burning out, or slight fires which were put out before the department arrived.

The losses paid by the insurance companies during the year upon buildings and their contents has been \$37,848.50, \$34,925.00 of which was paid the Keene Furniture Co. on their loss by the fire of June 10. In all the other fires the loss was small, amounting to only about \$2,923.00, owing to the promptness of the whole department in responding to the calls.

The apparatus is now all in excellent condition, new flues having been put in the boiler of the Amoskeag engine during the year, and new wheels placed on the steamer hose carriage, and two Babcock extinguishers put on each hose carriage.

The department consists of four engineers, Steamer and Hose Co., twenty-five men, Washington Hook and Ladder Co., twenty men, and Deluge Hose Co., twenty men.

The uniforms of the men are getting badly worn in some cases, and the caps of some of the men must be replaced by new ones before long.

The general appearance of the men and apparatus, as well as the uniforms, I presume you noticed at the last inspection. You saw at the same time the quarters occupied by the differ-

ent companies, and the neat and orderly manner in which they are kept.

All the companies have been very careful in asking for expenditures on their rooms or furnishings. A good many of the men spend most of their leisure time in their quarters, and anything reasonable which they ask should be granted. You have seen at several times during the past year that the service of a fireman is not all fun, especially when they are called out in the evening and are obliged to work all night. They all do more for the city every year than the small sum of fifteen dollars can pay them for, so do not grant their requests grudgingly.

I think you will agree with me that we have one of the best volunteer fire departments that can be found, and their quickness in responding to alarms surprises every one, even old firemen who are used to the service. Twice during the past year have they been highly complimented for the efficiency by good judges.

The plan of keeping one pair of horses in the barn all the time has proved such a success that no one thinks of going back to the old way.

The fire alarm service is in excellent condition, owing to the watchful care taken of it by Superintendent Emmons. Accidents to it, like the breaking of a wire etc., are liable to occur at any time, but after comparing it with the electric alarm in other places, I am satisfied that we are getting the best of service. I would suggest that at least three new boxes be added during the coming year.

We have only hose enough for a relay for each company, and I would suggest that a thousand feet be purchased as soon as may be.

INVENTORY OF PROPERTY.

Steamer Button No. 2, Steamer Amoskeag No. 2, hand engine at Woodbury's mills, hand engine at South Keene, Deluge hose carriage, two jumpers, three hook and ladder

trucks, steamer hose carriage, 4,000 feet of cotton hose, fire alarm, engineers' lanterns, six hydrant gates, one Y coupling, rubber coats, uniforms of Steamer Co., uniforms of Washington Hook and Ladder Co., uniforms of Deluge Hose Co., one Siamese.

FIRE ALARM TELEGRAPH.

Location of boxes and instructions to firemen and officers.

- Box 6, central telephone office.
- Box 9, Central square, on city hall.
- Box 13, Beaver mills office.

- Box 37, Mechanic street, corner Pleasant street.
- Box 42, West street, corner School street.
- Box 43, West street, corner Ashuelot street.
- Box 46, Court street, corner School street.
- Box 52, Emerald street, corner Ralston street.
- Box 53, Winchester street, corner Island street.
- Box 72, West Keene.
- 12, Military call.

SIGNALS.

The following signals were adopted by the board of engineers, December 2, 1887, and are still in force.

1. The superintendent has the right to strike one blow upon the bells at any time, to test the circuit; also to ring in one round from any box, preceded by a single blow, exactly five minutes after the noon stroke, on Saturdays, for the purpose of testing the boxes.

2. The signal 22 repeated on the bells is to call the firemen to their houses for further orders.

3. Two blows struck upon the bells after a fire alarm is a signal to "limber up," and recalls all firemen and apparatus to the engine houses, unless specially detailed for duty.

4. In case of a serious fire the engineers may cause a second alarm to be sounded from the nearest box. A second alarm is given by striking ten blows, followed by the box number.

5. As box 9, which is located on city hall, is still likely to be used for a general alarm, and to be pulled for a fire which is not in or near the square, the engineers will ring in a second alarm of four full rounds from this box, if there is a fire of any magnitude near the square.

6. The old alarm on city hall will only be rung between 9 p. m., and 6 a. m., except in case of serious fire.

7. Arrangements have been made with the Beaver Mills Co., and alarms of fire will be given on their whistle same as by the bells.

GENERAL RULES.

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.

2. Never pull a box while the alarm bells are ringing, nor until a box has completed its four rounds. Two boxes cannot operate together and neither will work if two are pulled at the same time. Never pull two alarms or two boxes for the same fire. The engineers will sound second alarms if necessary.

3. To ring in an alarm, break the glass in the key box and open the outside door with the key. Pull down the brass crank, seen inside, *till it stops*, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the box and remove the key.

4. Remember that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.

TELEPHONE ALARMS.

Box 6, which is located in the central telephone office, is the box which will be pulled to sound all alarms of fire sent in by telephone. When this box is pulled, firemen and all others can ascertain the location of the fire from the telephone office.

Do not send a telephone alarm if there is an alarm box within reasonable distance. Box alarms are always the surest and best. Telephones can seldom be used during thunder showers; the boxes can always be used.

To send in a telephone alarm, call the central office. Tell the operator slowly, first, the ward, then the street and house where the fire is situated. The operator will repeat, "Fire, ward so and so, such street or house." Answer, "All right," if you are correctly understood. If the fire is in South Keene or West Keene, give the fact instead of the ward number. The operator will then leave the telephone and sound the alarm.

In conclusion, I wish to thank the assistant engineers for the hearty support they have always given me, and the officers and men of the department for the manner in which they have responded to all calls and discharged all the duties of a fireman.

Very respectfully,

J. P. WELLMAN,
Chief Engineer.

Keene, December 1, 1896.

REPORT OF
SUPERINTENDENT OF FIRE ALARM.

To his Honor the Mayor and Gentlemen of the City Councils :

I herewith present this report as superintendent of the fire alarm telegraph, from December 1, 1895, to December 1, 1896.

The system is, and has been during the year, in good condition. The boxes are reliable at all times, with the exception of Nos. 16 and 42, and these should be repaired immediately. Some of the old wire still remains, and I recommend its removal and replaced with new and larger wire. One bell has been added to the system during the year at the residence of the superintendent.

Respectfully,

J. F. EMMONS,
Superintendent of Fire Alarm Telegraph.

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

To the Honorable Board of Mayor and Aldermen :

The trustees of the Keene public library submit herewith their twenty-first annual report for the year ending December 1, 1896.

Largest number of books issued in one day,	
(April 4,)	401
Whole number issued in 1896,	31,000
Nearly 2,000 more than in any previous year.	

The twenty-first anniversary of the Keene public library occurs this year and a brief retrospection may not be out of place. In 1875 those in charge of the old town library voted to pass it over to the city on certain conditions.

The town library had its origin in the minds of a few leading persons, who agreed to raise 1,000 dollars in shares of five dollars each. Dr. Thayer procured the promise of \$900, when Mr. Geo. A. Wheelock secured the other hundred dollars, the hardest part of the whole canvass, a repeat of the experience of all solicitors for money of any amount. Daniel Watson collected the funds, and Geo. A. Wheelock, Geo. Cook and Dr. Thayer acted as purchasing committee, most of it being done by Mr. Wheelock, who says in his report, "we did not buy all the new novels, which enabled Geo. Sturtevant to succeed with his circulating library, composed entirely of

fiction. The donations we received were government reports, Congressional Globes, and a pile of lumber we had to eliminate from our stock before presenting the library to the city, which left only 2,644 volumes, which seemed like a shabby gift, but a Boston bookseller once wrote us, 'that no library orders better books of us than that of Keene;' so the quality atoned for the meagre quantity."

The city voted to accept the books on the conditions required, namely, that it should pay \$500 yearly for its supply of books, etc.

The city appointed a committee of five to take the matter in charge — Wm. P. Wheeler, Geo. A. Wheelock, Frederic S. Stratton, Rev. Wm. O. White and Horatio Colony. Also a standing committee of three to look after the library when it was established, viz.: Alderman Hatch, Councilors Chamberlain and Hutchins. The rooms in Colony's block were opened July 10, 1875, with Cyrus Piper, librarian. From Colony's block it was removed to Warren's block, and Mr. Eli Brooks succeeded and remained until his death. During this time, six trustees were appointed to take the place of the standing committee, and three persons were selected therefrom to act as a book committee. From that time until the present year, Mrs. Converse has had charge of the library, and aided in its removal to its present quarters under city hall. At her resignation, Miss Sheldon, who had proved an efficient assistant, was appointed to fill her place, and Miss Flossie Russell was appointed assistant. Honorable mention should be made of Mrs. Converse's competent and faithful services.

The grant by the city of the much needed additional room is duly appreciated by all who wish to consult reference books and magazines, and this class of persons is increasing rapidly. New shelves and a very convenient antique table have been added, and some needed repairs have been made, while others are still waiting.

The book committee could spend more money very profitably, now that space is granted, and the demand was never so urgent as at present for solid literature to meet the histori-

cal research and study of the great questions of the day, engaging the attention of all classes and conditions of men — and women too.

Respectfully submitted by

M. R. OSBORNE,
MARY B. DINSMOOR,
KATE L. TILDEN,
FRANK G. DORT,
WM. P. CHAMBERLAIN,
Board of Trustees.

REPORT OF CITY CLERK.

To His Honor the Mayor and Gentlemen of the City Councils :

I herewith submit the following report of my receipts for the year ending November 30, 1896.

Rents of stores, Perry place and land,	\$1,250 50
Concrete and curbing,	497 04
Ingersoll fountain,	1,000 00
J. N. Morse estate,	1,000 00
Licenses, billiard, circus, street, etc.,	250 67
Dog licenses,	647 90
Sale of wheels,	47 25
Sale of horse,	50 00
Elliot city hospital,	395 25
Public library, fines, etc.,	125 92
Rent of reservoir,	175 00
Toward building street,	50 00
Error on voucher No. 500,	49 65
	\$5,539 18

All of which I have deposited with the city treasurer and hold his receipts therefor.

Very respectfully,

J. P. WELLMAN,
City Clerk.

Keene, December 15, 1896.

REPORT OF CITY MESSENGER.

To His Honor the Mayor and Gentlemen of the City Councils :

I herewith submit this report as city messenger from December 1, 1895, to December 1, 1896.

Received for rent of city hall :

January, 1896,	\$165 00

In the amount expended for city paupers, \$1,268.84 is for paupers supported in institutions outside of the city.

E. H. FLETCHER,
Overseer of Poor.

REPORT OF CITY PHYSICIAN.

To the Honorable Mayor and City Councils:

During the past year I have treated the following cases, viz: One of typhoid fever, one of secondary syphilis, two of pleurisy, two of abscess, two of cholera infantum, three of tonsillitis, four of bronchitis, four of enteritis, three of hysteria, and also the usual number of chronic cases.

Three patients have died during the year, one of cancer of stomach, and two of cholera infantum.

The various charitable associations are very important factors in aiding the poor and unfortunate in our city, and in numerous instances have been directly instrumental in relieving much suffering. If these associations would unite in dispensing their aid, their work would certainly be productive of better results.

I wish to thank the overseer of the poor for his uniformly courteous treatment.

I would also say, that, in my opinion, the city paupers are cared for humanely and with all due respect.

Respectfully submitted,

F. M. DINSMOOR, M. D.,
City Physician.

REPORT OF BOARD OF HEALTH.

To the Honorable Mayor and City Councils :

The board of health makes the following report for the year 1896.

CONTAGIOUS DISEASES.

The following table shows the number of cases of scarlet fever reported to this board during the year, and the streets upon which the same have occurred :

Date.	Name of Street.	Cases.	No. of Infected Houses.
January,	Butler Court,	1	1
February,	High street,	1	1
Feb., March, . . .	North street,	2	1
March,	Winchester street, . .	1	1
May,	Castle street,	2	1
May,	Beech Hill,	1	1
June, Nov. . . .	West Keene,	4	2
June,	Centre street,	1	1
September, . . .	West Hill road,	2	1
November,	Court street,	1	1
		<hr/> 16	<hr/> 11

From the sixteen cases of scarlet fever, there has been eleven houses infected. Many of the cases, it is seen, occurred on the outskirts of the city, and upon streets and roads where there is no public sewer. All of the infected houses have been examined, and such precautions taken to confine the disease as was deemed proper. Notwithstanding the placarding of the infected houses, some people, from sympathy, heed-

lessly venture into such places and expose themselves and families to the disease, and themselves also to prosecution. Some of the cases, in the opinion of the board of health, were directly communicated from the afflicted with the disease, as for instance, it is presumed that the case on Court street was communicated from the cases on the West hill road. This allusion is made only to ask a more strict observance of the rules governing a house under quarantine, for it is in this way alone that the spread of the disease can be stopped.

There have been eight cases of typhoid fever during the year. There were two in July, four in August and two in September. Of these cases, one only was fatal. Except this one death from typhoid fever, there has been no death from any contagious disease in the city during the year. There was no case of typhoid reported from October 16, 1895, until July 13, 1896.

There has been no case of diphtheria reported during the year, and in fact none since May 3, 1895. While this disease has been prevalent in some places not far from here, it is remarkable that in this city no case has occurred for one and three-fourths years.

NUISANCES.

There have been forty-seven nuisances and causes for complaint examined by the board, and all have been disposed of except one which will receive further attention soon. The number examined this year are nineteen less than in 1895.

DON H. WOODWARD,
H. K. FAULKNER,
GEORGE W. FLAGG,
Board of Health.

REPORT OF
SUPERINTENDENT OF CEMETERIES.

To the Honorable Mayor and City Councils:

REPORT OF CITY SOLICITOR.

To the City Councils :

I have the honor to submit the following report for the year ending November 30, 1896.

Norris G. Gurnsey et al. vs. Keene. Appeal from the award of damages in widening Main street. A verdict has been rendered for the city, a motion filed for a new hearing, and the case continued to the April term of court.

Jarib S. Herrick vs. Keene. Appeal from the layout of a highway, and from the award of damages. A trial has been had which resulted in favor of the city.

Ansel A. Morse vs. Keene. Appeal from the layout of a highway and from the award of damages. A trial has been had which resulted in favor of the city.

Simon G. Griffin et al. vs. Keene. Bill in equity relating to the disposition of certain funds bequeathed for the benefit of the Elliot city hospital. Decree, ordering said funds to be paid to and held by the joint standing committee on city hospital in their capacity as trustees thereof.

Augusta H. Gates vs. Keene. Action to recover damages for personal injuries sustained by reason of a defective highway. Settled by the payment of two thousand dollars.

The suit of Gurnsey et al. vs. Keene is the only suit now pending against the city which has been entered in court.

JOHN T. ABBOTT,
Solicitor.

REPORT OF CITY MARSHAL.

To the Honorable Board of Mayor and Aldermen :

I respectfully submit the following report of the police department for the year ending December 1, 1896.
